

Power Timer and Extension Lead Kit

Product Codes: TK, TKS

TK: Timer Kit for LT12, LT16, SN16

TKS: Timer Kit for SN20

The ever increasing demand placed upon us to save and use our energy resources more efficiently has lead us to build our products to utilize Power Timers.

Using this kit will allow you to charge your devices **outside of Peak Power Times** reducing the peak load placed on your environment.

This product is shipped in a cardboard box requiring basic assembly via the pre-cut holes and supplied parts.
