One simple advantage with our Laptop Security range is the products can evolve with your schools requirements. Once a Laptop Trolley was purchased and that was it. Now your Trolley can convert from a Trolley to a Wall Cage or even be mounted and secured to the Floor. Perfect for rooms that may contain Asbestos! If the mounting options in your environment are not capable of withstanding the weight of a Wall Cage + laptops, this is the solution for you. All the weight is transferred direct to the floor.

The floor mounting option reduces the real-estate required within your classroom and gives you secure housing for 24-32 Full Size Notebooks from \$2949 and 32-40 Slate/ Tablets/Netbooks from \$3259.

## Features:

- Fits all our Trolley Range
- Places all the Weight onto the Floor
- Pre-cut holes for floor mounting
- Available in:

**Green, Red, Orange & Blue**
