YES! this KIT has it all

**Inc: Short Throw & Ultra Short Throw arms
Universal Board Clamps; Power Board;
Cables & Finger Tip Height Adjustment**

You don't need anything else

This multi role product has been designed as the final solution for height adjustability. Simply bolt it to a Wall, mount it to the Floor (Perfect for Asbestos Situations) or use it as a Mobile Trolley. All parts can be retro-fitted during any stage of the products life providing a lasting and final solution for your Audio Visual requirements.

The KIT supplies all the required hardware and cables to mount the Projector and your preferred White Board. Combine all this with ease of construction and before you know it your new teaching aid is up and available for use in your classroom.
